GENERAL OBJECTIVES

The GRADUA Project provides local companies with an **innovative online tool** for the assessment and recruitment of qualified Human Capital. It would ensure the **possibility to mobilize several searching parameters**, in order to **select among certified CVs** available on the Albanian graduates' database **those candidates that better fit the company's needs**.

SPECIFIC OBJECTIVES

- **to build** Albanian universities' capacities by transferring EU best practices on graduates' monitoring and employability
- **to enhance** the empowerment of Albanian universities accordingly to the ongoing reform of Albanian higher education system
- **to strengthen** universities-enterprises links to increase the collaboration among universities at local level
- **to support** an open market for high qualified human capital in Albania
- **to improve** the quality of the higher education system in Albania according to international standards.
