PROFESSIONAL TRAINEESHIPS HOW?

- **Orientation** of students and co-ordination at the practical level is done by the responsables of the academic process and study program coordinators in cooperation with the Career Counseling Office
- Developed under the **direct supervision** of a teacher - tutor, responsible or referent for the practices/traineeships, both in the collaborative host Institutions and in the University
- Are **certified** by completing the relevant specific document (booklet/ad hoc certificate) for following the traineeships and topics learned - signed by the responsible of the students in these institutions
- After completing the traineeships, a **final assessment** (mark and credit) is made at the University (Medicine, Nursing, Physiotherapy) with appropriate practical exams to ascertain the levels achieved by the student in developing the expected professional skills (also based on the prior assessment of the responsables in host institutions)
- After completing the traineeships, **students give their perception** - filling out a questionnaire
